

Our Comfort Boxes

We understand that receiving a cancer diagnosis can be a challenging and overwhelming experience. We want you to know that you are not alone.

Inspired by Scotland's Baby Box, in your Cancer Card Comfort Box you will find high quality products specially curated with care and compassion to support you during your cancer journey. Each item has been thoughtfully chosen to provide comfort, practical assistance, and a reminder of the support that surrounds you.

You can apply for a comfort box on our website, and you can also gift one.

Would you like help with a disability benefits application?

Disability Benefits Scotland

We have partnered with Social Security Scotland and their Local Delivery Service to help you with the disability benefits application process. Local Delivery is a free Social Security Scotland service that's available across Scotland.

It's a way for you to get person-to-person support with an application, or just ask questions about the application process. A Local Delivery appointment can be made with one of Social Security Scotland's specially trained client support advisers. This can happen at a time and place that suits you.
