

Helping you find the support you need when cancer affects your life

Would you like help with a disability benefits application?

Adult Disability Payment is extra money to help people who have a long-term illness or a disability that affects their everyday life.

We have partnered with Social Security Scotland and their free Local Delivery service to get you help with your application.

It's a way for you to get person-to-person support with your application, or just ask questions about the application process.
